- Physical Health

386 MILLION working-age people worldwide have a disability.

People with disabilities are an emerging market the size of China.

In the United Kingdom, 75% of the companies on the London Stock Exchange do not meet web accessibility, thus missing out on more than $147 million in annual revenue.

80% of people with disabilities live in the developing world.

The Secret to Global Disability Inclusion = C-Suite Support + Executive with a Disability/Ally + Active ERG
